

**Hiroshi Yoshida**

Senior Researcher, Department of Electronic Materials & Devices Research, Materials Research Laboratory, Hitachi Ltd.

Email: [hiroshi.yoshida.jz@hitachi.com](mailto:hiroshi.yoshida.jz@hitachi.com)

Hiroshi Yoshida received B.S., M.S. and Dr. of Eng. degrees in polymer chemistry from Kyoto University in 1987, 1989 and 1992, respectively. From 1993 to 1998, he joined Hashimoto Polymer Phasing Project, ERATO, Japan Science & Technology Corporation (JST), as a Researcher. In 1998, he moved to Hitachi Research Laboratory, Hitachi Ltd. as a Researcher, and now a Senior Researcher. From 2001 to 2003, he served as a Deputy Director for Nanotechnology & Materials in Bureau of Science and Technology Policy, Cabinet Office. His research interests include materials for nanoimprint technology and self-assembly for nanoscale pattern formation.
